

### REMARKS

At the outset, the Applicants wish to thank the examiners for the courtesy shown to their representatives during a telephone interviews on April 21 and 25, 2011 and May 2, 2011. The participants were Examiner Casca, SPE Patrick Edouard, David W. Ward., and the undersigned. A summary of the substance of the interviews is included in the comments below.

During the interview, the Applicants' representatives informed the examiner and his supervisor that Applicants intend to overcome Hwang as a prior art reference by submission of a verified English translation to perfect their claim for priority based on Japanese patent application JP 2003-288162.

During the discussion on April 21, 2011, the examiner stated that proposed amendments to claims 14 and 15 altered the focus of the pending claims. The examiner and his supervisor stated that they had no suggestions for placing the claims in better condition for allowance. Also, the examiner and his supervisor were informed that the English translation of the abstract for JP 169036 was in PAIR.

In another telephone interview with the Examiner on May 2, 2011, the Examiner stated that if a verified translation of the priority document were filed, all pending rejections would be overcome.

In accordance with the above, the rejection of claims 14 and 15, under 35 USC §103(a), as being unpatentable over Li et al. (US 2002/0119781) in view of Hwang et al. (US 2005/0025039), is overcome by the attached verified translation of the instant priority application JP 2003-288162. It is submitted that this priority application supports the subject matter of claims 14 and 15. Thus, it is submitted that claims 14 and 15 are in allowable condition.

In response to Section 2 of the Office Action, the English translation of the abstract for JP 169036 is in PAIR.

In view of the above, it is submitted that this application is in condition for allowance, and a notice to that effect is respectfully solicited.

If any issues remain which may best be resolved through a telephone communication, the Examiner is requested to telephone the undersigned at the local Washington, D.C. telephone number listed below.

Respectfully submitted,

/James Edward Ledbetter/
